Updated On: 19/05/2022

DESCRIPTION

For ultimate protection in extreme cold. Featuring a dual layer of performance insulation for maximum warmth and comfort.

The X35T are our warmest freezer trousers to date! They have two layers of high performance insulation to keep the warmth close to your body. The combined weight of both layers is 330gsm.

Typically used by drivers who work in the deep freeze. These trousers are perfectly suited to lower activity job roles due to the dual layers of insulation.

Hardwearing, colourfast FlexiTog HTY2 fabric used in high wear locations ensures you will have a friend for life! To maximise longevity, dark coloured fabrics are used on the lower legs.

- 330gsm insulation
- Large External pockets
- Fully adjustable shoulder straps
- Reflective detailing
- Elasticated back
